New Places in God

A fond farewell to two of our key staff members, and a warm welcome to our new additions.

For the past 10 years, my daughter Victoria along with my son-in-law Ben Adler have worked at New Life Home as Program Directors. During this time, they have served as champions working with the women and children, providing counseling, shepherding, and encouragement along with our staff. They were able to pioneer the purchase and retrofitting of the third home and saw the ministry serve more women and children than ever before in its forty-year history. In the last year God began speaking to their hearts and nudging them in a different direction. As we began to pray for direction, God opened the door for them to step into the next chapter of their lives. So, with great excitement I am happy to announce that God has opened a church, Cornerstone Assembly of God in Windham, Maine, where Ben and Victoria will pastor. While we will miss them, we celebrate their contributions to New Life Home and pray for God’s continued blessing on their lives.
Jessica Aquino graduated 22 years ago and after serving on staff for 5 years she moved back to New York. In 2003, God opened the door for her to work at Marriott International. In 7 years there, she rose to a position as HR Manager. In 2009, Jess moved on to working as the Operations Director at Christ Tabernacle Church where she played an integral part in pioneering their second campus. Eventually, Jess moved back to NH but continued her employment with Christ Tabernacle as Virtual Chief Operating officer. In 2016, Jess joined our board of directors and volunteered teaching a class where God began to draw her back to New Life. When Pastor Ben and Victoria announced their new journey, Jess stepped into the role of Program Director for New Life. Please help me welcome Jess into the New Life Home family!

Jenny Vazquez, one of our former graduates, joined New Life Home as a volunteer working with the ladies. Before coming to New Life, her full-time job as Program Assistant at Child Health Services allowed her to serve the special needs community. However, little by little she began to feel a tug in her heart to give more at New Life. I am blessed to announce that as of July of 2017, Jenny has joined us full-time. Jenny’s experience includes working as an Executive Assistant within Corporate Industries for over 15 years. Soon, Jenny decided to follow a desire to serve the community and transitioned into the school system. There, Jenny found her passion to serve people of all walks of life. Today, as our Staff Manager, Jenny is using her love and passion for people to serve New Life. Please help me welcome Jenny into the New Life Home family!
