Our Heartfelt Appreciation

Almost two centuries later, Dickens’ introduction to A Tale of Two Cities has never rung more true.

In many ways, 2018 was both The Best of Times and The Worst of Times. At New Life Home, the generosity of our community and supporters like you brought hope and redemption to so many women and children desperate to build new lives through the power of the Gospel. You are true angels of mercy and your support has saved lives.

Unfortunately, while many were rescued, New Life was unable to minister to countless other women and children who desperately needed our services. The destructive impact of the nationwide opioid epidemic continues to escalate in our community, leaving more than 400 children as orphans.

Please take a moment to learn how you can help us fight this ongoing battle, and hear from some of the women who have successfully completed the program and are on the road to recovery. As always, your support is greatly appreciated.
We Need Your Support

The work of New Life Home is essential to so many families throughout our region. We’re incredibly proud of everything our women, volunteers and staff have accomplished this year. While the work has been phenomenal, unfortunately, our fundraising hasn’t risen to the level of previous years. In 2018, we’ve received $100,000 less than in 2017.

We need your help to make up this difference. During this busy season, as you plan your 2018 year-end giving and 2019 planned giving, please consider making a donation to New Life Home. Your generosity will help us continue to build on our 40-year legacy of faith-based recovery.

You can give in the following ways:

New Life 40th Anniversary

Throughout the fall of 2018 and into the winter of 2019, we’re bringing our 40th Anniversary Celebration to supporters like you by hosting Legacy Services on behalf of New Life Home at various church locations on the east coast. These moving celebrations have already been held at churches in Manchester, NH, Somerville, MA, Brooklyn, NY and Glendale, NY.

Upcoming Celebrations:

January 6th, 2019
Bedford, NH

January 13th, 2019
Bedford, NH

Krystal

Before coming to New Life Home, I was lost, broken, and lifeless. In 2009, I lost my fiancée in a fatal car accident. Not knowing how to deal with that kind of pain, I turned to drugs, alcohol, money, relationships, whatever I could get my hands on, but nothing ever satisfied me. Nothing could fill that hole that I had in my heart. Over the next several years my drug addiction got so bad that I ended up with criminal drug charges facing six years in federal prison. I came across a website for New Life Home and as soon as I walked through the doors I knew that this is where I belonged, that I was home. Since being at New Life, God has restored the relationship with my daughter and my family to me. I have been healed from the inside out and no longer walk in shame, guilt, or hopelessness over my past. Today I am going to school to be an EMT with the desire to become a nurse practitioner in the future.

_The enemy intended to harm me, but God intended it all for good. He brought me to this position, so I could save the lives of many people._
– Genesis 50:20

Christina

I struggled fiercely with depression and insecurity. I wore so many masks trying to fit in that my life and identity had become an illusion. Never knowing who I really was, I was lacking direction and confidence. This led to a vicious cycle of substance abuse, domestic violence and jail sentences. Coming to New Life, the love of Jesus transformed me and made me new and an overcomer filled with hope and vision! I was recently accepted to Liberty University to pursue a career in Business Administration. My identity is no longer rooted in my appearance or what other people think of me. My identity is firmly rooted in the love and acceptance of Jesus Christ!

_That He would grant you, according to the riches of His glory, to be strengthened with might through His Spirit in the inner man, that Christ may dwell in your hearts through faith; that you, being rooted and grounded in love._
– Ephesians 3:16-19 NKJ
Melanie

Melanie came from an emotionally abusive relationship that led her on a downward spiral of depression. After losing everything, Melanie found New Life and has successfully graduated this November. She has since begun working as a Medical Assistant at a local hospital here in New Hampshire and, in the next few months, looks forward to moving forward with her two children.

Elizabeth

I grew up in a loving home. Although I was surrounded by constant support from family and friends, I felt an emptiness inside. After being prescribed pain medication for an injury and abusing my prescription for many years, I fell into a deep addiction to intravenous heroin use. In 2012 I became septic from a drug-related incident. The septic infection traveled to my heart and brain placing me into a comatose state.

While in the coma I suffered multiple strokes, which paralyzed me on my left side and left me peripherally blind. The doctors gave my family a devastating prognosis but they wouldn’t give up hope. After months of inpatient hospital therapies and open-heart surgery, I was released to go home. Neglecting my spiritual health left me recovering from addiction and a severe debilitating illness.

Eventually, I relapsed and after losing my brother in 2015 from a heroin overdose, I lost all hope. After a string of drug related arrests, I found myself alone in a jail cell assessing the choices I had made. With a beautiful daughter at home and a family broken from loss I made a decision that would alter the paths of all our lives. I came to NLH in shackles escorted by a sheriff. When the shackles were removed, God began removing the chains in my mind that had held me captive for so many years.

Today, I have found freedom from the bondage of my past. My daughter and family have been completely restored and we live today happy, healthy and whole. I have been accepted to SNHU to obtain my bachelor’s degree in psychology. My goal is to bring communities together for the betterment of the world as a whole. I want to offer the help needed in many different aspects of debilitating conditions and give hope to a world that is lost.

Wishing you joy!

Thank you again for your generous support.
We wish you and yours a Merry Christmas and Happy New Year!
